TWO DAYS CHRISTIAN MEDIATION TRAINING WORKSHOP

MTI East Africa has introduced a **Two-Day Christian Mediation Training workshop**.

Disputes within churches, can often give rise to legal claims. In litigation, courts will decline to resolve matters of religious doctrine, but try to apply “neutral principles of law” to resolve disputes. But many Christians believe that such disputes should not or cannot be resolved in courts, often quoting the verses at **I Corinthians 6: 1 – 9** not to even file such an action. The mandate of that Scripture is that such matters should be resolved within the Church.

This highly interactive two (2) Days workshop explores the ways that Christian mediators facilitate negotiations to create value and resolve disputes. Designed to improve understanding and internalizing Christian Mediation skills, the curriculum integrates all topics on Church mediation practice.

Emphasizing both theoretical and practical insights, this workshop will engage participants in a series of Role-plays set in faith-based contexts.

Upon successful completion of this workshop, participants will be prepared to become more effective Christian/Church mediators, equipped with both theoretical and practical knowledge in Church/ faith based mediation.

Eligibility Requirements: This workshop will be open to participants from all disciplines and professional fields.

Course Materials: A Christian Mediation Practice Manual plus e-material will be provided to participants.
